Jordan is right the WH staff pitch was for the rural portion of the infrastructure proposal and how flexible it could be if enacted

Rural section starts at page 5 of attached doc

LG Forest was also there as a 'surprise guest' and he talked about continuing work in NC on rural broadband

Jim was in the room.

I believe it was mostly an opening overture for cooperation, and a pitch for their Infrastructure package.

Jim, can you share with the Hometown Strong team a readout of the County Commissioner's visit to the OEOB last week?

Team:

We need to see if we can get any notes or docs that came from last week's rural county White House discussion

There might be clues or intent for our efforts
The only report I see is from bladen journal
